## Zoology Zone Science Center Produces Sneak Peek

By Ron Allen

The Reptile House and Rescue announced in May that it was changing its name to Zoology Zone Science Center and moving from the Huntington Mall to the Commons building at Valley Park in Hurricane. The move has been completed and the first official day for the center to be open is Saturday, September 2nd.

The Zoology Zone and Science Center produced a sneak peek of that which opening day visitors will encounter on Friday and Saturday (August 18 and 19). Those attending the peek saw tortoises, snakes, lizards and more – more included a few warm blooded mammals. Seeing at the Science Center means touching and feeling. Executive Director Andy McKee said that science education is a goal which is achieved through interacting with the animals and learning of their rescue stories.

The center will also be open during the WV Cupcake Festival on

August 25 and 26. The center will augment the trails, the playgrounds, the wave pool, and the baseball and soccer fields at Valley Park to produce family-friendly experiences for visitors. On September 9, the center will offer a free immersive nature hike at Meeks Mountain Trails at Hurricane City Park.

The stated goal of the Zoology Zone Science Center is to serve as a resource and a hands-on immersive learning opportunity for families, for kids, and for adults of all ages. The ultimate goal is for visitors to experience and enjoy different areas of science.

McKee said that plans call for expansion which will include more exotic animals which are in need of a rescue home. McKee envisions the center evolving into a regional, even worldwide, center for the betterment of many kinds of species. The center is a 501(c)(3) nonprofit and is looking for corporate sponsors to help it do many free shows for the community.

## City of Hurricane Celebrates Completion of Skatepark

Josh Cremeans of Milton makes a picture perfect landing at Hurricane's Skatepark Celebration.

By Ron Allen

A large crowd turned out for the Hurricane Skatepark Celebration on Saturday, August 19th. It was a time for youngsters of all ages to test and demonstrate their skateboard and scooter skills on the recently completed \$950,000 skatepark.

The park is equipped with

LED lighting and will be open to visitors at all hours, day and night. The project was made possible because Mayor Scott Edwards followed up on a request by Nate Giertz, a HHS Student who, as a 7th grader, wrote the initial email that re-invigorated a discussion about building a new skatepark. Aaron Anderson,

a community member who has skated at numerous skateparks around the country helped the city work with Grindline Skateparks to develop the Hurricane Skatepark design. Jonathan Gillispie, City of Hurricane Street Department Manager, along with a team of other City employees, worked very hard and many long hours in

preparing and finishing the site.

As a lead-up to the celebration, the City hosted a "Film your best trick" on social media where people shared their best. The best videos were used to promote to the event and the video producers were awarded cash prizes. To be a winner,

## An Unwanted Visitor

This young Cooper's Hawk had no choice but to pose for pictures.

By Ron Allen

On Sunday, August 20, the unbelievable occurred. The Breeze chicken lot was visited by a hawk. The lot is secure. It is covered by green vinyl coated poultry fencing with openings far too small to allow any hawk-sized intruder to pass.

The hawk was not happy. It could not escape. After posing for cell-phone photos, the avian was allowed to escape through an open door.

Betsy Allen was able to identify the bird from the photos as an immature Cooper's Hawk. Juveniles have whitish-buff below with narrow, brown streaking on the breast and upper belly and have yellow eyes.

Betsy also discovered the manner in which the hawk made entry into the lot. It was through a narrow slit between sections of the fencing that cover the lot. Originally, the sections were joined. Over the years, the weight of heavy snow has caused the sections to break free from their bindings.

noted for hitting their prey at high speeds in bushy areas. Researchers have determined that almost one third of all adults have suffered broken wishbones from hitting vegetation while making high speed attacks.

Apparently, the visiting hawk mistook the green vinyl to be vegetation and hit it at high speed as it attempted to dive upon a six-week old chick. The hit allowed seam between fence sections to open a passageway into the lot. The hawk did not get to enjoy a meal. Mother hen and all ten of her six-week old chicks retreated into the safety of the chicken house.

Cooper's Hawks are big eaters. A Cooper's Hawk can eat food weighing 12% of its body weight in one day. This is similar to a 120-pound person eating 14 pounds of food or about four or five large pizzas one day.

The Cooper's Hawk is unusual in that females are up to one third larger than males. In the fall, females migrate south before males, but in the spring the males migrate north before the females do.

Cooper's Hawks are

## Hurricane Area Church Histories

In 1988, The Centennial History of Hurricane, WV was published to commemorate the town's 100th anniversary. The publication included the histories of 16 Hurricane area churches. This week's selection is the 6th of the church histories which were published in 1988.

GLAD TIDINGS ASSEMBLY OF GOD  
In May of 1968, Glad Tidings first began meeting in the building where the Library is located on 2nd

Street in Hurricane. Rev. Roy L. Mallory was the founder. Rev. Helen Funk, along with a few local people, began praying that a growing church for God's honor would be established.

In 1970, the property located on Mill Road was purchased as the future site of the church. The membership of the church joined together and they themselves, built the lower level of the church. In

## Cupcake Festival Returning to Valley Park This Weekend

The WV Cupcake Festival is in its 9th year and sweeter than ever. This year, organizers have collaborated with Valley Park on their Night Market series and took over their August Night Market as a kick off to the festival to make it a three-day event this year. There will be three days packed full of fun, food, entertainment, contests and more; something for everyone! Each year the festival board selects one to two children's charitable organizations to donate the proceeds from the festival. This year, the chosen charities are Children's Home Society of WV and Putnam Shoes for Children.

Festival organizers are so excited for this year and all of the additional events at the festival. There will be live entertainment each day, beginning with the 80's hair band Hair Supply for the 80's Night on Thursday. Friday evening is dedicated to kids with children's games, the Foam Garage, a show by the Zoology Zone Science Center and more. No worries, there will still be things for the parents: a car show, live entertainment by local band, Poser Joe, and for everyone young and old, the Pupcake and Friends Pageant.

Saturday is packed full all day long! We kick off the day with the Cupcake Chase 5K! Not to worry if you haven't registered in advance, you can register the day of the event! Entertainment by Lincoln County Cloggers, Adam Parker and the Bourbon Cowboys, Guyan River Cloggers and Track 9. The cupcake eating contest where \$100 cash prize is up for grabs, kids crafts with My Messy Desk, amateur and vendor cupcake competitions and so much more!

All three days are filled with vendors and food trucks for shopping and eating. Friday and Saturday will be filled with over 12,000 cupcakes to purchase.

## The Way We Were, The Way We Are

By Brenda Burke

The phone rang. I did not recognize the number. Usually, I do not answer the phone if I do not recognize... however, I did... A flash from the past... a friend... we had not gotten in touch in years and years. There was nothing the matter... no problem... our lives just took different directions. We connected again. Even though we don't speak often, we probably won't see each other, but we text and speak occasionally.

If one could imagine a special cedar chest, such as the one Mother bought me for my sixteenth birthday (Kathy has it now), there is where I would place my friends... to keep... to take out and enjoy... to cherish and love. That is how I feel about my special friends.

When there is time, I could open that cedar chest, take out one of my friends, and we would spend time together.

12:00 pm – Cupcake Eating Contest

12:30 pm – 2:00 pm – Adam Parker & the Bourbon Cowboys (Main Stage)

2:00 pm – Judging begins for Amateur Cupcake Competition and Vendor Cupcake Competition

2:30 pm – 3:00 pm – Guyan River Cloggers

3:30 pm – 5:00 pm – Track 9 (Main Stage)

6:00 pm – WV Cupcake Festival Closes – see everyone in 2024 for The Sweetest Festival Around!

## LUCAS to Offer Lung Cancer Screening

LUCAS, a first of its kind, state-of-the-art mobile lung cancer screening unit, will visit Putnam County offering low-dose computed tomography (LDCT) scans. LUCAS

A service of WVU Medicine-WVU Hospitals and the WVU Cancer Institute, LUCAS will be at:

Valley Health Care Systems – Hurricane from 8 a.m. to 4 p.m. on Aug. 28 and 29. For an appointment, call 304-855-4595.

The lung cancer screenings are billed to private insurance, Medicaid, or Medicare. Uninsured patients living in West Virginia who meet screening criteria can receive their lung cancer screening on LUCAS through the generosity of grant funding and donations. A physician's order and prior authorization from insurance are required to get screened. Appointments must be made 14 or more days in advance of the visit to allow time for insurance pre-authorizations.

LUCAS, an acronym for Lung Cancer Screening, builds upon the success and infrastructure established by Bonnie's Bus. In West Virginia, more people die of lung cancer than colorectal, prostate, and breast cancer combined. LUCAS travels to the 42 counties in the state without easy access to lung cancer screening.

For information on LUCAS, see [WVUCancer.org/LUCAS](http://WVUCancer.org/LUCAS)

Perhaps in person... maybe at the beach... or a text, a call, a card... Facetime... just like when I was young, and Mother gave me the HOPE CHEST. I saved items that I would use when I married... in the future. I kept those things wrapped in tissue paper... every few months, I took them out and looked... when Mike and I married, we used every thing I had saved. (We received all we needed as wedding gifts though...)

Living in Florida, after and during Covid, I have been busy with my family. I do not have time or the inclination to meet people or to spend time with them. I have so many friends in WV (and other states). We are close... we spend time with each other when we can. Checking texts, emails, and snail mail... fun... answering the phone.

This friend and I spent an hour catching up... now we call or text. We have much to remember. We have known each other for sixty plus years... we were close, and we connected quickly again.

I have always thought that when one has a friend... keep that friend... even if one loses touch, pray for that friend and hope one day that a connection will be made. My goodness... what a gift... how wonderful to reflect, pray, and remember.

I know I write about friends often in this column. That is because they mean so much to me... some are closer than family... although I have moved 31 times; I have worked in so many places... I don't have TONS of friends from the workplace. Most of mine have been from growing up in WV... working out of high school... living in Ohio... Indiana... church friends... when I taught, we were all too busy to have time to chat at school... too busy in our lives to get together...

In South Carolina, about twenty of us met on Friday evenings for dinner... not every week... just when we could. Some taught; others worked elsewhere. I have kept in touch with one of them... a school secretary... she and I send cards and keep each other posted... my best friend there was Jim... he was my vice principal and then my principal... our group consisted of about ten and we spent time at Myrtle... eating out and going dancing... those were fun times...

In WV, I taught at Nitro and in Putnam County... retired from Hurricane High... I still keep in touch with one of my friends at HHS... and of course, there is Flora Lee and Linda... they are Hurricane... we are like sisters.

So... today... which friend will I take out of my special chest? Which one will I call... text... send a card to... write a letter... journal about... pray for... which friend will be my special gift today? Because the way we were is the way we are... thoughtful and caring friends for each other... loving each other... spending hours and hours in prayer... I miss my friends... I will see more of them this year... thank the Lord for those special gifts... taken out of my special chest...

## West Virginia Ranks #16 in Lowest Teacher Shortage

The teacher shortage in the United States has increased while the demand for teachers continues to grow year after year.

To understand this context in the U.S., Scholaroo - an education research firm and scholarship website engine- has released the second edition of the Teacher Shortage in the U.S.

2023. The study examines the latest available data, showing the number of teachers in public schools in each state compared to student enrollment figures in that state's public schools, to depict the shortage of teachers across the country and the shortfall on a state-by-state basis.

As a result of the analysis,

Scholaroo has discovered that West Virginia ranks 16th with the lowest teacher shortage in the U.S.

Pastor Mallory resigned effective March 16, 1980, and on September 7, 1984, when home to be with the Lord.

Rev. Siegfried Krueger

then became Pastor in September, 1980. The church has continued to grow. Souls have been saved and lives have been changed. Various changes and improvements have been made. Once again we are looking for more property and anticipating a continued growth in our Assembly. We want to be a spiritual, joyful, family oriented church which lifts up God and causes mankind to be drawn to Him!

This phrase speaks of a time when the youth of our country were dedicated to nature, peace, and simplicity. That generation of “baby boomers” came of age and has now parented a new generation, the leaders of tomorrow in a complex and state-of-the-art world. As we rush about trying to keep up with everything, let’s remember the basic ideals of a simple life. Have an appreciation of the beauty of the gifts God has given us. Each generation can take the opportunity to praise the Creator and participate in worship. Remember that God’s gifts to us are forever priceless.

### God’s Great Mercy

Luke 18:9-14

The parable before us is directed at a very specific audience, an audience composed of individuals who trust in their own righteous acts while despising others who lack similar acts of righteousness. This audience should not include New Testament believers because born again Christians trust in a righteousness that is not their own —the righteousness of the Lord Jesus Christ.

While believers do not trust in their own righteousness, believers often fail to separate the sinner from his transgressions and fail to see ourselves as God sees us. The Holy Spirit would have us know and understand that we cannot be justified as was the publican unless we first repent of the Pharisee in ourselves.

Consider verse 10. Both the Pharisee and the publican went into the temple to pray. One need not enter into a house of worship to pray. Believers are called to be in prayer at all times. While God is everywhere, distractions that cause one to look away from God are also everywhere. A house of worship provides an atmosphere where one can call out to God free from worldly interferences. Both the Pharisee and the publican entered into the temple (symbolic of coming before God) for the same purpose —to pray.

The manner in which they prayed, however, was far different. The Pharisee thanked God that he was different from sinful men. The publican acknowledged that he was a sinner and called out to God for mercy. Both prayers express the manner in which the two saw themselves. The Pharisee saw himself as righteous. The publican saw himself as a sinner. The Pharisee viewed himself to be justified by his works. The publican knew that he could not be justified by his works. The attitude in which the prayers were offered up are miles apart. One assumed himself to be justified and the other did not.

Jesus makes it known that God does not see things as men see things. God judged the heart of the Pharisee and found it puffed up. God judged the heart of the publican and found it to be humble.

God’s finding and the Pharisee’s finding are in conflict in regard to the publican. The Pharisee looked upon the publican and saw one filled with extortion, unjustness, and adultery. God looked upon the publican and saw one filled with repentance. God saw that which the Pharisee did not see because God separates the sin from the sinner. God is a merciful and forgiving God. God’s qualities of mercy and forgiveness were not present in the Pharisee.

The Pharisee was of a mind far different than God. Believers are called to be of the mind of Christ, but often manifest the mind of the Pharisee. We see the mind of God in Jesus and in His teaching. In Luke 6:37, the Lord said: “Judge not, and ye shall not be judged: condemn not, and ye shall not be condemned: forgive, and ye shall be forgiven.” The Pharisee most certainly judged and condemned the publican. There is nothing in the Pharisee’s prayer which would suggest that he possessed a forgiving heart. The Pharisee’s words betray his heart. The Pharisee offered a prayer of thanks that lacked thankfulness to God. He thanked God that he was as other men; he thanked God that he was better than other men. The Pharisee thanked God in error. God did not see him different from other men in the way that the Pharisee saw himself.

The Pharisee possessed a desire which caused him to fast twice a week and to give tithes of all that he possessed. Fasting and tithing can be prompted by one’s love of God and desire to obey His commands. The Pharisee’s fasting and tithing, however, appears to be an attempt to place points upon a scoreboard of righteousness. God does keep a scorecard but He does not give points of righteousness for fasting and tithing. God counts faith for righteousness. The Pharisee’s faith was in what he had done.

God saw the publican as justified. What did the publican do to be justified? He had no works and he knew it. The publican shamefully looked to the ground and poured out his heart to God. The publican prayer, “God be merciful to me a sinner”, was heard. The publican called out to God in faith, believing that God could remedy his miserable condition.

Again, what did the publican do? He placed his total trust in God. The Pharisee did not distrust God. The Pharisee’s trust, however, was not totally in God.

James, the author of the epistle of James, identified himself as a servant of God and the Lord Jesus Christ. It is James, the servant, who declared: “I will show thee my faith by my works.” The works of the servant reveal the faith of the servant.

In verse 14, Jesus stated “. . . for every one that exalteth himself shall be abased; and he that humbleth himself shall be exalted.” May the faith of the servant be seen in us.

## MICHAEL E. SCRAGG

Michael E. Scragg, 64, of Poca, passed away August 14, 2023.

He was best known for having worked at the West Virginia State Medical Examiner's office for more than 20 years, where he retired as the Chief of Operations. Mike was known by his peers as someone who was hard-nosed, hard-working, and sometimes even hard to get along with. That being said, those closest to him had the pleasure of seeing a different side of him, one that was selfless, caring, loving, and sometimes even a little ornery. Not many a day went by in the Scragg household when his loving wife of nearly 42 years, Kimberly Scragg couldn't be heard calling out "Michael Eugene!" In response to something he had said or done in order to poke fun. She always made sure to use his middle name to prove that she meant business. These outcries were most certainly met with a sly grin and soft chuckle. The greatest representation of who Mike Scragg was, however, can be found in the love that he had for his family. For his wife Kim, whom he was a loving and faithful husband to for close to half a century. For his children, Michael, Greg, and David. And, for his grandchildren, Trevor, Madison, Hallie, Kinsley, Mary, and Curt. There has most assuredly never been a man more proud of his children and grandchildren, whom he loved so very dearly. While the days ahead will be difficult, and the world is most definitely a lesser place for having lost him, we are all undoubtedly better for having known him.

Mike is preceded in death by his parents Mary Ann and Marlyn Scragg; son Michael; brother Marlyn; and sister Genevieve.

A tribute to the life of Mike will be 2:00 PM Friday August 18, 2023 at Gatens-Harding Funeral Home Chapel with Pastor Bron Walker officiating. Burial will follow in Haven of Rest Memory Gardens, Red House.

## SAMUEL SHAFER

Samuel Madison Shafer, 56, of Winfield, passed away on August 2, 2023, surrounded by family.

Sam was a proud 1985 graduate of Hurricane High School. Living in Winfield, this led to some heated conversations with his wife and daughters during the week of the annual War on 34 Winfield-Hurricane football game. After high school he enlisted in the US Army. Many stories were told by him about his time abroad, especially during his time in Italy. After leaving the military in 1988 Sam traveled the United States working in nuclear power plants. Next, he began his employment with IUOE Local 132 as a crane operator. Cranes became his life's work, and he enjoyed pointing out places he helped build to friends and family.

With family, he enjoyed fishing and kayaking. He took many fishing trips around the state with his nephews and friends. He looked forward to traveling south in the summers, especially when a large group of friends and family went together. History was a passion, and he enjoyed learning about alien life, both past and present and anyone close knew he would do his best to convince you that it was real.

Sam was preceded in death by his infant daughter Samantha Rae Shafer, his mother Brenda Kay Bowles Shafer, paternal grandparents Clifton and Kathryn Shafer, his maternal grandparents Harry Madison and Eula Gertrude Bowles, and nephew Ryan Nicholas Young.

Surviving is his wife of 32 years Paula Shafer, daughters of whom he was very proud of Brenna Marie and Madison Olivia. Father, Jackie Wayne Shafer of Hurricane. Nieces and nephews, Brandon Young (Sarah), Rachel Debusca (Justin), Rebekah Hogsett (Tanner), Jacob Hogsett (Liz) and Remington Drury (Riley). Mother-In-Law, Grace Wilt. Sister-in-law Ruth Dent (Scott).

PUBLIC SERVICE COMMISSION OF WEST VIRGINIA CHARLESTON

CASE NO. 23-0434-G-PC HOPE GAS, INC. and SOUTHERN PUBLIC SERVICE COMPANY

Joint petition for consent and approval for Hope Gas, Inc. to acquire Southern Public Service Company

NOTICE OF FILING

On May 19, 2023, Hope Gas, Inc. (Hope) and Southern Public Service Company (Southern) (jointly, petitioners) filed with the Public Service Commission of West Virginia (Commission) a joint petition (Joint Petition) for Commission consent and approval of an acquisition transaction pursuant to which Hope would acquire all of the capital stock in Southern and merge Southern into Hope. Southern currently provides natural gas sales to approximately 6,400 customers in six counties in West Virginia.

In the Joint Petition, Southern and Hope assert that the acquisition transaction will have no adverse effect on Southern's or Hope's customers, other public utilities, or the public in general. Following the transaction, the former utility assets of Southern will be owned and operated by Hope, subject to the Commission's continuing jurisdiction and regulation. From and after the closing of the acquisition, the former customers of Southern will become customers of Hope.

Upon the closing of the Transaction, Southern's customers will continue to pay Southern's existing base rates and purchased gas adjustment (PGA) rate as it changes from time to time, and a Legacy Surcharge rate increment, which surcharge equates to Hope's pipeline replacement and expansion (PREP) rate increment, as it changes from time to time. Consequently, at close, based on the current base, PGA and surcharge rates proposed, the average monthly bill impact for Southern's customers as a result of the Transaction will be as follows:

Table with 3 columns: Type Of Customer, Increase/(Decrease) \$, Percentage Increase/(Decrease)

Hope proposes that the Southern customers will eventually pay the Hope base rates plus PGA rates and Legacy Surcharge as those rates change from time to time. If the Southern customers were immediately charged the Hope base rates, the current Hope PGA rate, and the current Legacy Surcharge rate, the average monthly bill impact for Southern's customers as a result of the transaction would be as follows:

Table with 3 columns: Type Of Customer, Increase/(Decrease) \$, Percentage Increase/(Decrease)

\*\*Does not reflect the cost of retentage. Hope will retain between 5.5% and 8.0% of a transportation customer's self-supply gas delivered to Hope.

The Joint Petition is on file with and available for public inspection at the Commission, 201 Brooks Street, Charleston, West Virginia, and is available online at the Commission website (www.psc.state.wv.us). Anyone desiring to intervene or protest should file a written request to intervene or protest no later than thirty (30) days following the date of this notice, unless such period is otherwise modified by Commission Order. Failure to timely intervene or protest can affect your right to participate in or protest aspects of this proceeding. All requests to intervene or protest should briefly state the reason for the request to intervene or protest and comply with the rules set forth in the Commission's Rules of Practice and Procedure. All requests to intervene or protest should state the reason for the request to intervene or protest and comply with the rules set forth in the Commission's Rules of Practice and Procedure. All requests to intervene and protests should contain the case name and number and be addressed to Karen Buckley, Executive Secretary, Public Service Commission of West Virginia, P.O. Box 812, Charleston, West Virginia 25323.

In the absence of substantial protest received within thirty (30) days of the issuance of this notice, the Commission may waive formal hearing and grant the Joint Petition based on the Commission's review of the evidence submitted with the Joint Petition.
